

ARE YOU READY FOR CHILLER TEARDOWN SEASON?

TRANE SUPPLY IS!

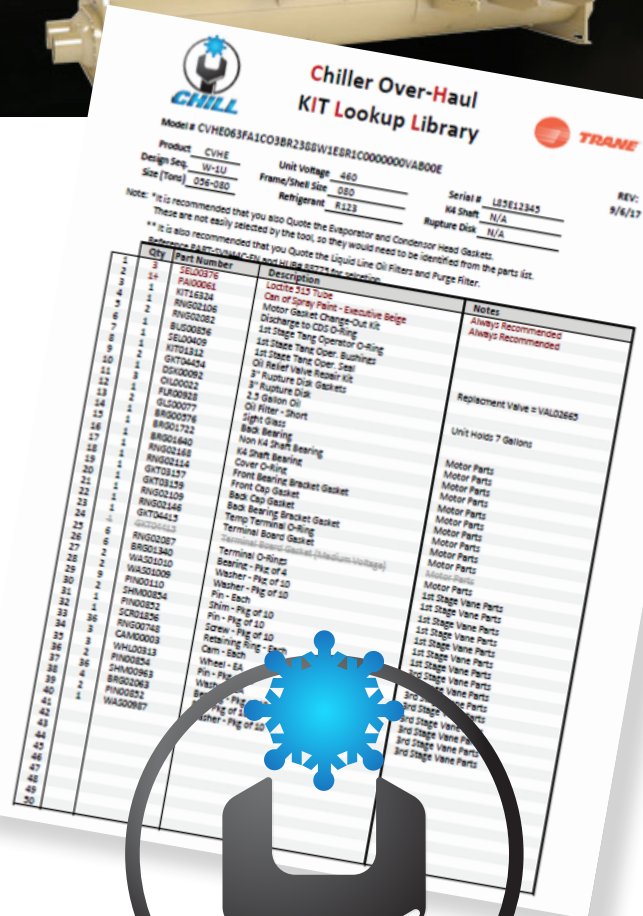

With our new enhanced CHILL* parts identification tool, chiller teardowns at Trane Supply are a breeze and will help customers:

- Save Time
- Save Money
- Improve their Customer Experience

Parts required are returned instantaneously for most** chiller models to give you a greater confidence and customers can get back to their job, fast!

We have a dedicated team - known as the Chiller Center of Excellence - with 40+ years of experience to help enable a seamless parts identification process.

For a customer's next chiller teardown, let them know that your local Trane Supply store can provide them the support they need, fast.

**CHILL* was developed by Trane for internal use only. Any outside contractor would need to notify their local Trane Supply or authorized Trane Independent for help with identifying chiller overhaul parts. **2013 and prior, we continue to work on adding additional models.
